A hand-drawn diagram titled "PROFILE VIEW AL3" at the top. Below the title is a sketch of a cross-section. The sketch shows a vertical wall on the left and a horizontal base on the right. A curved line starts from the base, goes up to a peak labeled 'A', and then curves back down towards the base. There is a small horizontal tick mark on the curve below the peak.

Surd. Prof. AL3 = Prof AL3;
that means AL3 is

LANE 2 - R in CORRI.

PROFILE VIEW AL4

Surf. Prof AL4 = Prof AL4;
that involves AL4 is on
the pavement of LANE2-R in CORRI.

The diagram illustrates a road cross-section with the following features and labels:

- Top Left Labels:** "INSERT BSCD IN BOTH SIDES", "20%", "20m.", "AL1-AS1".
- Top Right Labels:** "BLT", "L", "FTW".
- Middle Left Labels:** "BSCD", "CORR1 & SURF-CORR1", "ETW", "CROWN", "ETW".
- Middle Right Labels:** "STARTING POINT FOR CORR2 (AL2)", "FIN LEFT JUN", "FTW - C", "T1", "T2".
- Bottom Labels:** "AL4 = Proj AL4", "FTW", "LANE1-L", "AL3", "AL4", "AL3", "AL4", "FTW", "LANE2-R", "LANE2-L", "FTW".

The diagram shows a cross-section with two main lanes: LANE1-L and LANE2-R. Lane 1 has a shoulder labeled AL1-AS1. Lane 2 has a shoulder labeled AL2. A shaded area between the lanes is labeled "CROWN". The diagram includes arrows indicating movement or flow along the lanes and shoulders. Labels like "FTW" and "T1", "T2" are scattered throughout, likely referring to specific points or measurements.
